

## Daesung Techwin Co., Ltd.

CEO	Seong Nag Gu	Phone	+82-55-329-3456
E-mail	okdst@okdst.com		
Address	450-9, Sangdong-ro, Sangdong-myeon, Gimhae-si, Gyeongsangnam-do, Republic of Korea		
major business	Clean room, Thermo-hygrostat, Air shower, Dehumidifier, refrigeration and air-conditioning		

Daesung Techwin Co., Ltd. is a professional maker in all areas of clean room, thermo-hygrostat, dehumidifier and refrigeration and air conditioning.

### Products

	<b>Use</b>	Control machine for high-degree of temperature and humidity(using on computer room, precision control room, document height)
<b>Constants Temp&amp;Humidity</b>	<b>Description</b>	In industry site, This product maintain the best condition of operating machine and control air condition for work efficiency
	<b>Use</b>	Elimination of various bacteria contained in clothes
<b>Air Shower</b>	<b>Description</b>	Air Shower is a device that is installed before entering and leaving the room such as ICR and BCR. It is a device that sprays and removes DUST and various germs contained in clothes by high pressure nozzle through HEPA FILTER before entering into clean area
	<b>Use</b>	To create pleasant indoor air
<b>Blue hi</b>	<b>Description</b>	It absorbs fine dust or bacteria and filters it through a filter and only send out clean air

### Technical Capacity

#### » ICR, BCR

Construction with high-efficiency, low-cost, optimal design for industrial clean room(ICR) such as semiconductor, precision, optics and Bio Clean room(BCR) such as pharmaceutical industry, research institute, animal facility and hospital

#### » HVAC design, consulting

Optimum air conditioning design and consulting for each field through rich design experience

#### » Various clean equipment manufacturing

Made to order conditioning equipment, thermo-hygrostat, dehumidifier, air shower, clean bench, pass box, BFU, FFU, etc

#### » Maintenance Management

Energy saving, durability and productivity upgrade through systematic and continuous maintenance
