

Myungin ENG Co., Ltd.

CEO	Kang Sung Gu	Phone	+82-31-662-3491
E-mail	kebh1701@chol.com		
Address	37, Suworam 5-gil, Seotan-myeon, Pyeongtaek-si, Gyeonggi-do, Republic of Korea		
major business	Display Precision Processing Parts, Semiconductor Equipment Parts, FA SYSTEM Equipment Parts, Vacuum Equipment Parts		

The company was established in November 2009. It has been growing and developing for many years, and the main production items are semiconductor equipment parts, LCD equipment parts, and FA SYSTEM equipment parts. Currently, we have 35 employees(1 executive, 4 technical workers, 1 office worker, 28 skilled workers, and 1 others).

Products

エアロックチャソバー

Use A part of the Airlock Chamber

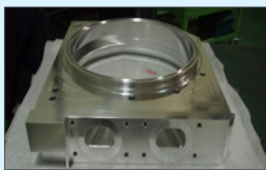

Description Material is A5052 and some of the core parts of the airlock chamber. Using MCT machine and CNC machine

Technical Capacity

» Vacuum plate design, development and manufacture [Using Patent No. 10-1118144]

Design of vacuum plate for fixing raw material before processing

» Development of leveling technology [Using Patent No. 10-1118144]

Leveling technology for deformed products during processing

» Development of Seal Surface Processing Technology [Patent No. 10-1097780]

Development of Processing Technology for the Seal Surface of Vacuum Assembly
